What does "growing together" mean to you?

Amber Warmbier, Administrator - "Growing together" means so many different things and that is why I think it's perfect! We can grow together as a school family. We can grow together into our community. We can grow together by joining the "young and old". We can also grow together by growing closer to God each day!

Growing Together

Lindsay Burton, Fundraising Team - beyond the individual family and spreads out into our community. Through this partnership with our students and their families, we are all growing together.

Sam Koon, Board President - Our school partners with families to help raise children who are kind, prepared, resilient, and thoughtful. As these kids grown and mature in their faith and their academic studies, the impact extends beyond the individual family and spreads out into our community. Through this partnership with our students and their families, we are all growing together.

Jami Trybom, Board Vice President - "Growing together" means trying to find synergy among all interested parties to create a loving, God-centered, educational choice for Piatt County residents.

Megan Shelton, Fundraising Team - Growing together as a school family, growing together as a community with the residents of the Piatt County Nursing Home so close to the new school, and growing together in our faith in God as our children build a better foundation at MCA!

Taryn Eickmeier, Teacher - "Growing together" means creating a school culture of family where we tackle obstacles together and share our love of God with our school family, our parents and siblings, and members of the community.

Elisha Gail Smith, Teacher - When I hear "growing together" I envision us as climbing flowering plants in a garden supporting each other as we all grow towards the sun. Every day that we're together is a gift as we grow stronger together in God's Sonshine.
